Our Vision Statement

To be a compassionate and committed provider of clinical excellence where our staff are motivated to achieve their potential to deliver diverse, local, patient centred services.

Our Mission Statement

To work in partnership with our patients to provide excellent cost effective healthcare.

Our Seven Goals

- (1)** To be health care professionals who are committed and dedicated to providing excellent patient care.
- (2)** To be recognised as a Practice that performs ‘over and above’ what is expected of them to ensure high quality patient care.
- (3)** To have an organisation that promotes a culture of inspiration, maturity and accountability
- (4)** To manage resources and build organisational capacity to enable the delivery of diverse local services
- (5)** To engage with patients by listening to them and involving them in the decision making process
- (6)** To ensure the Practice looks at the ‘holistic picture’ in their ambition to be a leading provider of medical care.
- (7)** To Grow profitability and maximize income so that a cost effective healthcare service is provided

Name of Location:	Danetre Medical Practice
Address:	London Road Daventry Northants
Post Code:	NN11 4DY
Business Telephone:	01327 703333
Email:	danetremedicalpractice@nhs.net

Daventry District is a large, mainly rural area of 257 square miles in the west of Northamptonshire. It is the largest district in the county but, after Corby, has the second smallest population, with approximately 78,000 residents - the majority of whom live among the district's 78 villages. The district has one town - Daventry.

The district lies within the Milton Keynes/South Midlands Growth Area.

The boundaries of the Practice show we are large in terms of geographical size, with the majority of the land classified as rural. We are responsible for the healthcare of approximately 12,742 patients and our current premises have been built with growth in mind, to take up to 14,000 patients. The Practice area covers:

Daventry	Braunston	Charwelton
Willoughby	Sawbridge	Nethercote
Flecknoe	Shuckburgh	Lower Shuckburgh
Badby	Newnham	Norton
Buckby Wharf	Welton	Ashby St Ledgers
Staverton		

Surrounding Area:

The practice itself is located in close proximity to Daventry Town centre in a modern building adjoining Danetre Hospital (a community hospital which opened in September 2006) offering a wide range of services and delivering a high standard of care. Services operating from the hospital are:

Podiatry	Outpatients Department	Midwives
Mental Health Service	Community Nursing	Health Visitors
District Nurses	Occupational Therapy	School Nurses
Dental	Day Surgery Unit	Physiotherapy
X-Ray Department	Speech & Language Therapy	Cardiac Rehab
Learning Disability Service		

Also attached to the Practice operating independently is Boots Chemist.

Contained within the site is a purpose built free car parking provision for visitors and staff. All employers are expected to park within the car parks adjacent to the boundary of the site allowing the car parks nearer the Practice and Hospital to be used by patients visiting the site.

Access and adaptations:

The Equality Act makes it unlawful for disabled people to be treated less favourably than people to whom the disabilities do not apply although it does recognise limited circumstances in which there may be 'justification' for treating a disabled person less favourably.

Under Section 29 of the Equality Act, the Practice is legally obliged to make all reasonable adjustments to ensure that there is equal access to our services.

Danetre Medical Practice makes every endeavour to enable patients visiting them by way of facilitating aids and adaptations within the site.

A sample of policies are listed below by way of evidence that concur with this approach:

- Access to Occupational Health Protocol
- Assistance Dogs Policy for Patients
- Age Discrimination Policy
- Caldicott Policy
- Communication Policy
- Cultural and Religious Policy for Staff & Patients
- Equal Opportunities Policy for Practice Visitors and Patients
- Equal Opportunities Policy for Staff
- Equality Act: Procedures & Policy
- Equality and Diversity Policy
- Making & Using Visual and Audio Recordings of Patients – Guidance and Protocol
- Mental Capacity Assessment Guidance & Checklist

Equipment and Facilities

Danetre Medical Practice has appropriate systems in place for testing, maintenance, repair and replacement of Practice medical equipment. The Practice employs contractors to work in partnership with the practice to ensure that all Practice medical equipment is fit-for-purpose and fully-functional.

The Practice also recognises the need to take precautions to maintain the safety of all patients, employees, contractors and other visitors to its premises.

Systems are in place to deal with hopefully any eventuality which are regularly scrutinised to ensure that they are adequate.

A sample of policies are listed below by way of evidence that concur with this approach:

- Equipment Loan Protocol, Loan Agreement & Register
- Fire Safety Policy
- Hand Hygiene Policy and Audit
- Health and Safety Policy
- Key Holder Policy & Templates
- Maintenance, Servicing & Calibration of Equipment Protocol & Template

Registered Manager
